Foreword

Welcome to the Sale

On behalf of the entire Archives International Auctions team, I would like to personally welcome you to our nineteenth exciting auction we have held over the last eight years. We are offering over 600 lots of U.S. and Worldwide Banknotes, Scripophily, Autographs & Security Printing Ephemera at our offices in Fort Lee, New Jersey.

The auction begins with over 330 lots of worldwide banknotes. We are proud to be offering the first installment of "The Tasmanian Devil Collection" of rare Australian & Worldwide Banknotes including Specimens and Replacement notes that rarely come to auction and represent one of the largest offerings of rare Australian material from "Down Under" to be offered in the United States in years if not decades. Highlights from "The Tasmanian Devil collection include a ND (1974) Specimen Set of 6 notes from \$1 to \$50; A Gem Uncirculated \$20 ND (1984) Serial No. "1" note; numerous replacement notes dating from 1949 to 1968 as well as early Australian and New Zealand rarities. Additionally we are offering further selections from the "Hamtramck Collection", put together by a career military officer over a 50 year period and also the second installment of the "Scarsdale Collection" of modern African banknotes.

An exciting group of autographs and ephemera are being offered including a historic Samuel F.B. Morse autographed letter; Francis Spinner letters, some with significant historic content; 4 different California "Gold Rush Era" Clipper Cards; Civil War Letters along with dozens of other interesting and historic documents, autographs and letters.

U.S. Banknotes & Federal Documents are well represented by many exciting items including a U.S. WWII Emergency Issue, \$20, 1934, Fr#2304m*, Mule Star Banknote; a Bank of America, 1879 Specimen \$10,000 Clearing House Certificate; a South Bethlehem, Pennsylvania, 1883 USA Postal Note, S/N 4; U.S. Liberty Loan Bonds and an extremely rare War of 1812 Capital Funded Stock Receipt Remainder (R-8) recently discovered at a small book show as well as dozens of other interesting and desirable banknotes and ephemera.

There are close to 100 lots of scripophily including banking, finance, navigation, railroads, Worldwide and interesting rare certificates including an amazing Accelerating Steam Navigation Co., 1852 Stock certificate with a unique dirigible vignette.

We are looking forward to another exciting auction and hope you enjoy our current offerings. We expect to have at least 2 more auctions in 2014 including serving as the official auctioneer for the Fourth Annual Wall Street Coin, Currency, Collectibles & Scripophily show scheduled for late October, 2014 to be held at the Museum of American Finance on Wall Street. We are also anticipating another Hong Kong Auction toward the end of this year or early 2015. If you have suitable material, we are still seeking consignments for our October and late fall - early winter auctions.

I would like to thank everyone who has participated in our previous auctions and has helped make this auction series a resounding success.

Best of luck,

Bob Schwartz

KEY TO CATALOGING

DEFINITIONS

SPECIMEN: An archival printing sample of a finished item, such as a stock certificate, banknote or stamp that is printed usually with "000000" serial numbers and may have "Specimen" overprinted on it and be punch canceled to invalidate it and prevent its use surreptitiously. Specimens were kept for a number of reasons, though usually as samples to give out to prospective customers to give them an idea of the type and quality of the work that the printing company was capable of doing. Usually specimens were printed in limited amounts at the beginning of a printing run to evaluate the quality of the printing work and color combinations at an early stage, rather than have an entire production run rejected due to some minor flaw that was not found until after the printing was completed. A specimen is similar to the final product, printed on the same paper and in the same color.

COLOR TRIAL SPECIMENS: Sometimes specimens would be printed in numerous color combinations not used on the final note for evaluation before a final printing. These are usually extremely rare.

PROOF: An initial pull or impression from a plate or die for evaluation of text, vignette, engraving, and esthetic appeal and to check for any errors or faults. These were usually printed on india paper mounted on card or printed on some form of paper or light card. The amount of proofs printed is usually extremely small and usually number only a handful. Proofs allowed the printing company to evaluate the quality of the item being printed without having to go to the expense of making final plates and finding out small errors that could have been repaired at an earlier stage. Usually, proofs are single impressions of banknotes, stamps, vignettes, etc. Anything that was made into a plate, such as a sheet of 100 stamps could have had proof impressions taken from it. These would be called plate proofs (for multiple images) versus die proofs (usually of a single or small amount of images).

COLOR TRIAL PROOF: A proof printed in a color other than the issued color.

ESSAY SPECIMEN or PROOF: A proposed design that was not used but may be similar or even totally different to a final approved design. An artist, engraver or company may have proposed a number of different designs and color combinations to a client for his approval. If a design is rejected and never used, it could be called an essay.

PRODUCTION MATERIAL: Material found in files used in the production of security printed documents, banknotes, stamps and such. It may include correspondence, photographs, artwork, and signature samples, samples of other printed items that are marked up with corrections as well as proofs, specimens, essays, models, mockups and issued final items.

MODEL: A proposed or final design that may include original artwork, pieces of design elements such as borders, titles, vignettes, corporate seals, undertints and possibly portions of photographs. Before an engraved item was made, a design had to be decided on. This portion of the design process allowed for the artistic skills of the engraver or design department to be exhibited. Before the "digital age", banknote engravers and designers would cut up portions of other engraved items and re-apply them in a different form or design to come up with a unique new stamp, banknote or certificate. Often, all new engravings or "vignettes" of people or scenes would be engraved first to include in the new "work of art", and other times, portions of different completed items would be "borrowed" to use on a newly designed item. All models are rare and almost all of them are unique.

Mohawk, NY, September 8, 1856, One page letter in Spinner's hand and also signed by him. Congressman Spinner discusses the fact that: "I should commit to it in writing & I therefore say to you and to all such as infer from my votes in congress that I am a Republican, that the inference is true and hereby not only avow myself one, but if more agreeable be wishing to be called a "Black One". - 393 Francis Spinner, 1858 Holographic Autographed Historic Letter Discussing the 1858 Lecompton Constitution. Mohawk, NY, October 9th 1858, 2 page letter in Spinners hand, discusses the Lecompton Constitution, (1857), the document was framed in Lecompton, Kansas by Southern pro-slavery advocates of Kansas statehood. It contained clauses which protected slaveholding and a bill of rights excluding free blacks. This added to the frictions between the free and slave states leading up to the U.S. Civil War. Though it was rejected in a territorial election (January 1858), Pres. James Buchanan subsequently recommended statehood for Kansas under its provisions. Congress balked, and a compromise was offered calling for re-submission of the constitution to the territory's voters. Kansas again rejected it the following August and was admitted to the Union as a free state on Jan. 29, 1861. The letter mentions: "... the people of the (territory) are authorized and empowered to form for themselves a constitution and state government by the name of the State of Kansas according to the Federal Constitution, and may elect delegates... for a member of the House of representatives of the Congress of the United States". XF condition with very minor foxing, Historic letter written by Spinner. Est. \$600-1200

FEDERAL DOCUMENTS & LIBERTY LOANS
EXCITING WAR OF 1812 BOND RECEIPT.

439

- 439 War of 1812 Capital Funded Stock Receipt Remainder, Receipt for Loan of 1813, Hessler X-71.** Washington, D.C., issued March 1813. Six Percent Certificate of Annuity. This remainder was bound into a book which contained a group of Letters (Reports) from the Secretary of the Navy with accounting of the Navy Department during the years of 1814-1815. Printers of the documents from "Washington City" are Roger Chew Weightman and A. & G. Way. Documents contain various expenditures during the period and to whom they were made. It is postulated by your cataloguer with paper being so expensive at that period of history, printers and book binders used what they could to bolster the bindings of reports and books. Without that practice this document would have been lost to history. The Receipt Remainder while in portions is in need of archival restoration. Nonetheless, this is a significant fiscal document from the formative years of our nation's history. The bond was issued by Act of February 8, 1813 and is listed on pages 88 & 89, as an (R-8) in the Hessler Guide. The Receipt like bond displays the "Great Seal with Ram's head above, safety numerals on the indented border. As an (R-8) which designates only 1-3 specimens remain, this may be your only chance of a representative example of this issue! Worthy of notice to any collector of early U.S. Treasury Fiscal paper. - 448 Federal Gasoline Ration Coupon One Unit (1974). Once the energy crisis ended the Department of Energy shipped the gasoline ration coupons to the Pueblo Army Depot in Colorado. In 1984, following the belief that Washington's portrait could fool certain vending machines into mistaking the coupons for dollar bills, the federal government opted to destroy the coupons. Although the entire population of gasoline ration coupons were supposedly destroyed, someone at the Pueblo Army Depot had "rescued" a limited number of coupons for the ultimate benefit of today's collectors. CONDITIONS OF SALE

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE

BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Archives International Auctions, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Archives International Auctions reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Archives International Auctions and are not minimum or upset prices.
2. (a) Bids shall be made in the steps set forth in paragraph 12.
(b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 18% on the hammer price is payable by the buyer to the auctioneer.
3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.
(b) Lots may be offered subject to a reserve price. The auctioneer may implement such reserve price by bidding on behalf of the consignor vendor.
(c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Archives International Auctions therefore has a security interest in the consigned material over and above the normal auction commission.
(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.
(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

PAYMENT FOR PURCHASES

4. Payment for lots, including those on which opinions are desired (Condition of Sale 8), shall be as follows:
(a) Floor Bidders. Payment of the purchase price, or such part thereof as Archives International Auctions shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Archives International Auctions may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.
(b) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Archives International Auctions will send such lots, payment in full must be received by Archives International Auctions within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Archives International Auctions at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Archives International Auctions of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Archives International Auctions on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$10.00 will be made. Risk of loss in transit shall be on the purchaser.
5. Title shall not pass to the purchaser until full payment has been received by Archives International Auctions as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.
(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Archives International Auctions may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Archives International Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Archives International Auctions or to a third party and all incidental damages. It shall be in Archives International Auctions' sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Archives International Auctions. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.
(c) A defaulting purchaser shall be deemed to have granted Archives International Auctions a security interest in property in Archives International Auctions possession owned by such purchaser. Archives International Auctions shall have all of the rights afforded a purchase money secured party under the New York or New Jersey Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Archives International Auctions to such purchaser. Archives International Auctions is authorized to file a Financing Statement in order to perfect its rights as a secured party.
(d) If Archives International Auctions takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Archives International Auctions to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Archives International Auctions with its attorneys with respect to all matters arising out of a delinquent account.
(e) Unless otherwise acceptable to Archives International Auctions, payment is to be made only in the form of cash, bank check or certified check, credit card (Visa or MasterCard only) or a bank wire transfer.

EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

7. (a) On Premises Inspection only. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Archives International Auctions discretion.
(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue.
(c) Quality. Any lot which a purchaser considers to be incorrectly described may be returned to Archives International Auctions within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Archives International Auctions within four weeks of the date of the auction; however, Archives International Auctions may, in its discretion, refuse acceptance of such returned lot. If an opinion of a generally recognized authority is desired, the period of time within which a lot must be received by Archives International Auctions will be extended in accordance with Condition of Sale 8. In the event that a dispute cannot be resolved by reference to a generally recognized authority, and Archives International Auctions thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned in-

tact in the condition received by the purchaser. The following lots are not returnable except at the discretion of Archives International Auctions: (i) lots from purchasers who attended the exhibition of the lots; (ii) lots examined by postal viewers; (iii) lots on account of their appearance, if they are illustrated in this Catalogue; or (iv) lots described as having repairs, defects or faults for any reason.

- (d) Authenticity. Any lot which is declared otherwise than genuine by a generally recognized authority is returnable, provided such lot is received by Archives International Auctions within four weeks of the date of the auction. Proof that a generally recognized authority declines to express an opinion is normally grounds for the return of a lot.

- (e) Expenses incurred a purchaser in the submission and the return of a lot under Conditions of Sale 7 are not subject to refund.

SALES TAX

8. Unless presentation of satisfactory proof that it is exempted by law, a purchaser shall pay to Archives International Auctions New Jersey or New York State and local sales taxes, or any compensating use taxes of any other State claiming jurisdiction. A purchaser shall indemnify Archives International Auctions and hold it harmless of and from any claims of any jurisdiction for sales taxes relating to the purchase of articles at the auction, whenever the same may arise.

9. All matters arising out of this auction shall be governed by the laws of the State of New Jersey without giving effect to the choice of law principles thereof.
